Music Season Launched

ANOTHER SEASON FOR SYMPHONIC BAND

Embarking on what may well prove to be the most successful drive for sponsors, patrons and season ticket holders in the history of the Regional Symphonic Band and the Tri-County Music Association, Inc., the organization held its annual meeting on September 12th to launch the campaign that began September 13 and ends October 15.

With its canvass billowing in the enthusiastic reception of the organization's first POPS Concert in June and the excitement generated by the announcement of next Sunday's free children's concert, the Association has charted its 1972-73 season with stopovers for concerts on November 5, December 10 and March 9 and an overnight December 1 for the "Sno-Ball" for the benefit of its scholarship program.

New members of its seaworthy crew include Mrs. Kjeld Jensen, Mrs. Philip Murray and Dr. Jean J. Webster of Mattapoisett, who were elected to the Board of Directors at the annual meeting, and Richard S. Macomber of Fairhaven who was appointed in August to fill a previous vacancy on the

'72 Soccer Season

O.R.R. BOOTERS PREPARE FOR FIRST GAME

Old Rochester is anxiously awaiting its 1972 soccer season. A member of the new Southeastern Massachusetts Athletic Conference, Old Rochester will open its season Wednesday, September 20th, hosting Westport High and follow with New Bedford Vocational on Friday at the Mattapoisett field.

Coach Threlfall has been extremely pleased with the performance of the 30 candidates including 7 starters from last year's squad.

After two scrimmages with Falmouth and Upper Cape, he is sure the squad will make a good account of itself while competing in its new league.

Returning on the front line will be fleet-footed Bill Collins, Billy Cook, Captain Steve MacLean, Dave MacLean and senior Peter Noyer.

Returning at halfback duty are juniors Rory Hammond and Mark Trow. Fighting hard for a start are Mike Beauleau and Robert Moody.

The two positions vacated by graduation are goal tender and fullback.

BANKAMERICARD HONORED HERE

The best lawns of all are fed both spring and fall!

The biggest single cause of disappointing lawns is *underfeeding*. All too many homeowners think that feeding in the spring takes care of the lawn's needs for the entire year. But it doesn't. No lawn food feeds that long. For your lawn's sake, replenish its food supply now to encourage fall's natural processes of developing new blades, intensifying color and thickening the weave.

TURF BUILDER is America's favorite lawn fertilizer. Applied now, it not only develops a thicker, sturdier and greener lawn this fall, it will also help your grass winter better and get off to a faster start next spring.

Open Letter

Mr. Arthur Brownell
Commonwealth of Massachusetts
Natural Resources Department
100 Cambridge Street
Boston, Massachusetts.
Dear Mr. Brownell:

I would like to call your attention to a case in which I believe the letter of the law has all but destroyed the spirit of the law.

On June 9th of this year a baby raccoon was rescued from dogs in a nearby cranberry bog. The rescuers called us, knowing that we've kept raccoons for years in other states -- my first experience with them was 30 years ago when a close family friend who was a curator at the Chicago Museum had two albino raccoons.

We took the baby raccoon and it tamed quickly -- a day is all that's necessary with loving handling. It soon became fast friends with our beagle -- they'd play together for hours -- and had a good deal of free run in the house. Outside, it lived in a cage six feet by six feet by six feet with a nice cozy box for privacy. As in the past, our intention was to keep the raccoon until its natural wanderlust got the better of it (usually around 15 months old), at which time we leave open the door to the cage, see less and less of, then finally nothing of, the one-time pet.

As luck would have it, a friend came for lunch, played with the raccoon (it never bit) and asked if we'd bring it to the Mattapoisett Woman's Club Family Fun Fair on August 5. We agreed, and shortly afterwards the Presto Press came to do an item on the raccoon's expected appearance as an added attraction to children. Unfortunately, the write-up included our name. A reader clipped the item and sent it to your department. According to the officer who showed up to investigate, the clipping was sent unsigned. The postmark was Mattapoisett, but beyond that, the origin of the sender is totally unknown.

For all practical purposes, that ends the narrative. We received a temporary permit

to hold the animal and wrote for an extended one, at least until the raccoon was old enough to protect itself against dogs who weren't as friendly as our beagle. The State Ornithologist (I shall never understand what he had to do with raccoons) wrote turning down the application on the grounds that such requests are never granted. Today, your officer came and collected the raccoon.

So much for the letter of the law. Now for the other side.

I fail to see why an animal you're freely permitted to kill and possess dead from September 20 to March 1 you're not permitted to possess live for its own good at other times of the year. Queer definition of protected, it would seem to me.

I fail to see what right your officer had to come onto our property in the first place to investigate -- unless, of course, he had the Warrant called for in Amendment IV, Bill of Rights, Constitution of the United States of America. I assume, of course, he had the Warrant, but just failed to show it to us. Next time I'll ask.

I am confused about anonymous informers. Amendment VI of the aforementioned document says the accused shall enjoy the right to be confronted with the witnesses against him. Is the anonymous informer the witness? Is your investigating officer the witness -- and at the same time complainant, policeman, jury and judge? In which case, is that legal? Somewhere in all this anonymous business, something is very rotten.

Marshland Threat

WAREHAM BROAD MARSH ISSUE

Conservationists in Wareham and in this area interested in the preservation of ocean marshland will be interested in the plan to convert Broad Marsh in Great Neck, Wareham into a golf course. According to an article in the "Cape Cod Independent", the marsh was saved in 1962 by action of the Wareham Conservation Commission under the leadership of Carlton D. Hudson. At that time, Volpe interests proposed to drain the marsh, put in a canal lined with boat docks and erect 87 houses. At the present time it appears that all restrictions on the marsh have been removed by the Department of Natural Resources.

A hearing on this matter has been rescheduled for Tuesday, September 26th, at 7:30 at the Wareham Town Hall.

MEMBERSHIP DRIVE FOR LEAGUE OF VOTERS

The League of Women Voters of the Marion Area will launch its fall membership drive with a series of coffees. Mrs. Ernest Cockrell, membership chairman, urges any woman in Marion, Mattapoisett, Rochester or Wareham who is interested in learning more about the League and meeting some of the members to attend one of these coffees. The first one will be at the home of Mrs. Lawrence Seidl, 426 Main Street, Wareham, at 9:30 A.M. on Friday, September 22. The second one will be held at 10 A.M. on Monday, September 25 at the home of Mrs. Ralph Pullo, 27 Olde Knoll Road, Marion. At 10 A.M. on Wednesday, September 27, a coffee will be held at the home of Mrs. Barbara Macy, 466 North Front Street, Marion, and at 1 P.M. Tuesday, October 3, one will be held at Mrs. George Mock's, 10 Foster Street, Mattapoisett. Babycare will be provided for all the coffees at 50¢ per child.

Mrs. LaVerne Wallace, president, points out that the League studies and takes action on governmental issues on the local, state, and national level, but is non-partisan in that it does not support or oppose candidates. Voters Service is an important part of League work, and this involves urging people to register and vote and providing information about all candidates in the form of Voters Guides and Candidates Nights.

This year the Marion Area League is continuing its two year study of the Massachusetts judicial system, beginning an environmental quality study on solid waste disposal, and taking a new look at foreign

LETTER TO THE EDITOR

September 17-23 is Constitution Week, celebrated as such particularly by the Daughters of the American Revolution. May I remind your readers how it all came about.

First the Continental Congress in 1781 drew up Articles of Confederation but they found this form of government had proved too weak. The States were not really united under it - each State made its own money and its own laws about trade with other States. At that time the country had no president - the Congress could make laws but could not enforce them.

In 1787 the leaders of the new country met at Independence Hall, Philadelphia, and, with George Washington as chairman of the convention (which was held in same room where the Continental Congress had adopted the Declaration of Independence in 1776), they worked all summer to make a supreme law for the country. They all worked for unity particularly.

George Washington said little but his influence was great. When they could not come to an agreement he told them: "If, to please the people, we offer what we ourselves disapprove, how can we afterward defend our work? Let us raise a standard

to which the wise and honest can repair; the event is in the hands of God."

Thus it was that the greatest document in the history of Government was born and ready for adoption September 17, 1787.

The words of the Preamble should be thoroughly remembered and understood for all the world: We the People of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America".

Sometimes we may feel that our country's leaders have forgotten these words - as well as many of our citizens. However, it is up to us to express ourselves at the ballot box to elect men (or women) to all public officers whom we feel can best assure us that our form of Government under this precious Constitution will be preserved.

Mrs. Walter E. Owen, artist and world traveler, will be guest speaker for Wednesday's Weekly Luncheon program on September 27th at 12:15 P.M. at the YWCA. Mrs. Owen, accompanied by her husband, toured Italy in August 1971 and again in April 1972. Going by car from Rome to Northern Italy to the lake country, the Dolomites and to Florence, Mrs. Owen was able to take many slides which she will use while she narrates her travels.

The public is cordially invited to attend and reservations are not necessary. Soup, sandwiches and beverage are available at 11:45 A.M. in the Y dining room.

Project Friendly Visitor, a new community service for the elderly, which will include visits to provide friendship and companionship; and telephone reassurance at an appointed time to determine that a person is all right, is underway at the New Bedford YWCA.

The service involves two kinds of people ---volunteers to visit or telephone and those who would like to be visited.

Scholarship Semi-Finalist

ORRHS STUDENT SEMIFINALIST

Frank P. Gifune, Jr., principal of Old Rochester Regional High School, has announced that one student at the Regional School has been named semi-finalist in the 1973 National Merit Scholarship Program.

The student is David T. Ranney, son of Mr. and Mrs. John Ranney of Delano Road, Marion.

The approximately 15,000 semifinalists are among the nation's most academically talented high school seniors. They will compete for some 3,000 Merit Scholarships to be awarded in 1973.

The semifinalists received the highest qualifying scores in their states on the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which was given last October to over one million students in about 16,600 schools nationwide. They constitute less than one percent of the graduating secondary school seniors in the United States.

The semifinalists show high promise for leadership in their adult careers, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "They have already demonstrated both high intellectual capacity and a readiness to develop their abilities," he said.

"These students deserve credit and honor.
